Dear Hiring Manager,

I saw your post in this month's HackerNews "who is hiring?" thread, and it caught my attention. I would be excited to learn more about your Senior Full Stack Software Engineer position to see if we would be a good fit for each other!

As a proponent of free and open-source software, I was encouraged to see that you are building tools to help teams intelligently and deliberately include it in their products. I was also excited to see Go and Haskell listed in your tech stack, since I have a fondness for them as a hobbyist.

I welcome any of your questions, and I look forward to learning more about your team and business.

Best,

A stylized, handwritten signature in black ink, featuring a large, circular initial and a long, sweeping horizontal stroke that extends to the right.
